

My name is Shehnaaz Kazi and I would like to write a few words about Mr. Vinh Tran, who recently sold my house in Cupertino. Vinh Tran's familiarity with the housing market in Cupertino and his past successes in assisting families in selling their homes assured (my husband and) me that he would be a great realtor. Now, after successfully selling our house, we believe that Mr. Tran deserves a glowing recommendation. At first, like most buyers, I was apprehensive at the idea of selling our house. Mr. Tran provided us with a timeline for moving out, and along the way helped us on his own by finding movers to move out our large furniture. He worked with a contractor and his team to repaint our house and beautify the place, and subsequently set up an amazing staged house (so beautiful that I wanted to purchase it myself!) Mr. Tran was constantly available for contact via phone and email, and he was able to accommodate my busy schedule to set up meetings. After only one open house, we got more than a handful of amazing offers, all better than our asking price. We're grateful to Mr. Tran for assisting us with all the forms and meetings and eventually negotiating a wonderful sale. He

was with us. each step of the way, and we
couldn't have done it without him! If
indeed you are intending to sell your
property, I highly recommend Vinh Tran. My
property address was 1183 Elmford Ct
cupertino, CA 95014.

Thank you Vinh Tran for all your help.
