To whom it may concern:

Vinik is THE area specialist and very enthusiastic about his job.

We had communicated with Vinik for about four years when we finally decided to sell our home. What we thought would be very stressful and lengthy could not have been any easier. Our home was sold two days after the first Open House for a little over the asking price. Vinik knows the market very well and what it takes to sell a house and he gave us good advice on how to present it. When it came to paperwork Vinik explained everything to us (never got tired of our endless questions) - so we literally just had to sign.

Boris is being very professional. He is also a very nice person to work with and we can definitely recommend him to anyone.

Best Regards,
